Product description

Hydroliq AIR Pro is an electrochemically modified solution, without synthetic additives. Hydroliq eliminates 99.99% of all bacteria, viruses, germs, spores and fungi.

The pH-neutral disinfectant solution is very stable. Stability is guaranteed for 12 months after opening, provided the product is stored correctly (sealed).

Unique hygiene technology

Unlike conventional disinfectants, Hydroliq solutions leave no corrosive and/or toxic residues for the user and/or the environment.

Application

Airborne room disinfection by cold fogging in the human medical sector as well as in the food sector, industry and public facilities. The application is carried out by means of a device without the presence of persons in the room. After the application time: Wait 1 minute and ventilate well before entering the treated room.

Area of use

Interior
In medical areas
In the food industry
In stables
Industrial processes

Certification
