MATERIAL SAFETY

Basic special cleaner

- Gentle on materials
- Suitable for alkaline cleaning (high PH value)
- Protein-cleaving
- Does not require protective equipment
- Does not require hazard statements (GHS)

Product Description

With its unique alkaline formula and exceptional ability to dissolve grease residues, WETROGAN offers a cleaning experience that is second to none. The secret lies in its molecular structure, which has been specially developed to penetrate between stubborn dirt and surfaces. This allows WETROGAN to penetrate deeply and dissolve even the most stubborn grease deposits with ease.

What's more, WETROGAN leaves no residue and ensures spotless cleanliness that you can see and feel. From kitchen worktops and hobs to ovens and grills – WETROGAN masters the challenge and leaves surfaces sparkling clean.

Application

Spray the surface to be cleaned generously and wipe with a microfiber cloth.
